

Claim 7, line 3, please delete "type".

Claim 8, lines 2-3, please delete "able to".

Claim 10, line 2, please delete "integrate" and substitute therefor --comprises--.

Claim 10, line 2, please delete "able to".

Please amend claim 11 as follows:

¹³
~~11~~. (Thrice amended) The cells according to Claim ⁷~~5~~, wherein [they integrate]
the cells comprise a vector comprising a gene encoding a [viral] cellular receptor for a
virus.--

Claim 12, line 2, please delete "integrate" and substitute therefor --comprises--.

Please amend claim 13 as follows:

^d
^d ~~15-12~~. (Thrice Amended) A method for producing viruses or a viral peptide,
protein, glycoprotein, or protein ^{molecules} ~~molecules~~ which comprises selecting a cell according to
any of claims ^{one} ~~5~~ to ⁷ ~~12~~, inserting a nucleotide sequence into said cell, culturing said cell
and expressing said nucleotide sequence so as to produce a virus or a viral peptide,
protein, glycoprotein, or protein molecule [culturing the cells selected from claims 5 to
12].--

Please cancel without prejudice Claim 14.
